

# Best Way to Recognize Your Favorite Teacher(s) for a Fantastic Year!

The climbing wall at Finn, the Trottier garden, innovative math and literary programs at Neary, Wake Up and Work Out at Woodward, and dozens of other projects have been funded by Southborough parents and businesses through the Southborough Education Foundation (SEF). SEF seeks to foster academic excellence in our public schools by awarding grants for innovative and creative programs. Over the past 14 years, the Southborough Education Foundation has distributed over \$350,000 in grants, funded entirely by our parents and businesses.

## As the 2013-2014 School Year Ends, Give Red Apple Awards to Honor Teachers and Support Education

A terrific way to support your children's education and recognize their teachers' great work is through the SEF's Red Apple fundraiser. **This is a tax deductible contribution that supports our schools and meets the teacher gift-giving provisions of the State Ethics Commission.** Each recipient of a Red Apple Award receives a certificate that includes your child's name; you'll also receive an email with a "Red Apple Beastie" created by Mr. LaChance that your child can personalize and present

to their teacher. In addition to that unique "thank you", that staff member knows that you've made an investment in their hard work by funding innovative education programs in the schools.

Your contribution can honor more than one teacher or staff member. Use the Red Apple Award to show your appreciation for the teachers and staff that make such a difference in your children's education.
