Data from state reports; greater than 100% results indicate population stats for the town are inaccurate

**Population estimate extraplotated from 2019 census data. This data is also an estimate and not completely accurate - but seems to show closer true figures for at least the teen population.*

Covid-19 Vaccination information for Southborough population - by Gender

As of date	Gender	Population	Proportion of population	Residents with 1+ dose	Residents with 1+ dose, per capita	Share of population with 1+ dose	Fully vaccinated residents	Fully vaccinated per capita	Share of fully vaccinated population	Partially vaccinated residents	Partially vaccinated per capita	Share of partially vaccinated population	Population from 2019 Census**	Residents with 1+ dose, per capita	Fully vaccinated per capita
Oct 12	Female	4,926	51%	4,497	91%	51%	4,168	85%	52%	329	7%	48%	5,204	86%	80%

Data from state reports; greater than 100% results indicate population stats for the town are inaccurate

"Other" includes American Indian, Alaska Native, Native Hawiian, and Pacific Islander populations. Although, Mass Public Health is tracking those groups statewide, given the low numbers in our town, it isn't sharing data on vaccination rates for Southborough's population. Therefore I extrapolated from other data to add those figures to this category.

"Unknown" includes data for patients where providers didn't have means to collect information on race and ethnicity - which is why vaccination figures are larger than population

***Population data taken straight from 2019 census report posted on CensusReporter.org (Appears to also be outdated/inaccurate on race/ethnicity breakdowns in Southborough.)*
