

## PROCLAMATION

- Whereas,* In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and
- Whereas,* this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and
- Whereas,* Arbor Day is now observed throughout the nation and the world, and
- Whereas,* trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and
- Whereas,* trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and
- Whereas,* trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and
- Whereas,* trees, wherever they are planted, are a source of joy and spiritual renewal.
