

Citizen's Petition for Town Meeting Warrant Article

At least 10 signatures of registered voters are required for an Annual Town Meeting

At least 100 signatures of registered voters are required for a Special Town Meeting

1. The petitioner will be the Sponsor name listed in the Warrant and should be the first registered voter(s) designated by ** in line numbers on page 1] to sign this Petition Form. The first petitioner will be designated the primary speaker in support of the Article at Town Meeting unless the first petitioner informs the Town Moderator prior to the Town Meeting that another designee will be the primary speaker in support of the Article at Town Meeting.
2. The deadline for submission of a petition will be determined by the Board of Selectmen, and will be the final date that the warrant is closed for the first Town Meeting (Annual or Special) to be held after the Southborough Select Board.
3. The language of your article will be voted at Town Meeting EXACTLY as worded in your submission.
4. Warrant article language must be repeated at the top of all signature pages submitted.
5. In accordance with M.G.L. c. 39 Section 10, the written requests of registered voters for insertion of subjects in town meeting warrants shall not be valid unless the required number of registered voters not only sign their names but also state their residence, with street and number, if any. The Selectmen shall submit such written requests to the Town Clerk/Registrars of Voters who shall check and forthwith certify the number of signatures so checked and certified shall be counted.

The undersigned registered voters of the Town of Southborough, Massachusetts hereby request that the following warrant article be placed on the next Town Meeting Warrant (Annual or Special, whichever occurs first):

"To see if the Town of Southborough will vote to (state your request)

We recognize and appreciate that on March 10, 2020 The Town Of Southborough Selectboard approved a Small Cell (5G) Equipment policy in an effort to maintain local zoning authority.

Though the town has instituted said policy, the policy must now be updated to provide science based setbacks from residential homes and schools and include other real property value safeguards for residents.

We hereby request The Selectboard take immediate action to minimize future economic, environmental, safety and social risks by addressing gaps in the Small Cell Policy and updating said policy to add science based setbacks.

Setbacks of 1640 feet have been demonstrated to be protective of the biological effects of wireless radiation per New Hampshire Commission's official review of peer reviewed scientific studies.

Setbacks are the first step in ensuring everyone is protected from Radio Frequency Radiation (RFR) ,or do or act anything in relation thereto." (continue on other side or attach sheet if necessary)

2020 FEB 23 P 3:07
