Dear Select Board member,

I want to make sure you have a high level of awareness of the extensive critical projects underway at Breakneck Hill Conservation Land. As you know, Freddie is a Steward of the property, and the stewards work closely with the Conservation Commission.

The projects there include establishing an invasive management plan, installing a roadside meadow, addressing the damage to an established meadow (damage stemming from the contractors who worked on the farm dump), and restoring the farm dump (now with a cover crop) to create meaningful habitat.

Breakneck Hill is a popular spot for walkers, bird and butterfly watching, photographers, nature lovers, and dog owners. It is valued by the community.

I hope this information is helpful to the board.

Joyce Greenleaf
